DETAILED ACTION

Allowable Subject Matter

1. Claims 5, 9, 11-13, 18, 21, and 23-25 allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 5 and 18 are allowed because, as noted in the Office action dated October 18, 2007, none of the prior art of record discloses or suggests detecting an anomaly of the pre-start state detecting means when the OFF-signal of the driver seat switch is not detected and it is detected that the driver retires from the vehicle, in combination with the remaining claimed features.

Claims 9, 11, 21, and 23 are allowed because, as noted in the Office action dated October 18, 2007, none of the prior art of record discloses or suggests detecting an anomaly of the pre-start state detecting means when a state of a door-handle manipulation switch or a state of a door opening/closing switch is detected by the vehicle state detecting means, and the pre-start state is not detected based on the door opening/closing switch signal or the door-handle switch signal, respectively, for a given period including a given time at which a door-handle or door, respectively, is operated based on the state of the door-handle manipulation switch or the door opening/closing switch, respectively, in combination with the remaining claimed features.

Claims 12 and 24 are allowed because, as noted in the Office action dated October 18, 2007, none of the prior art of record discloses or suggests detecting a final anomaly when an anomaly is detected for more than a given period, in combination with the remaining claimed features.

Claims 13 and 25 are allowed because, as noted in the Office action dated October 18, 2007, none of the prior art of record discloses or suggests continuously incrementing a counter while the anomaly of the pre-start state detecting means is being detected, in combination with the remaining claimed features.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

3. Applicant's arguments, see Remarks, filed December 26, 2007, with respect to the rejections of claims 3, 4, 7, 8, 10, 17, 20, 22 and 26-29 have been fully considered. These claims have all been canceled. The remaining claims have either previously been indicated as being allowable, or have been rewritten in independent form and are thus allowable.
